

EATONTON ONE DAY PAINT OUT WORKSHOPS 2024

Celeste McCollough Suggested Materials

Paints with at least a warm and cool variation of red, yellow, and blue, plus white.

Some pigments I like to have available:

- **Transparent Oxide Yellow**
 - **Cadmium Yellow Light (Rembrandt)**
 - **Cadmium Red Light (Rembrandt)**
 - **Quinacridone Rose**
 - **Severs Blue (Rembrandt) or Cerulean Blue**
 - **Ultramarine Dark or Cobalt Blue**
 - **Chromatic Black**
 - **Raw or Burnt Umber (for underpainting)**
 - **Titanium White**
- A substrate to paint on in a size with which you are comfortable (canvas or wood panel or stretched canvas or appropriately primed paper)
 - Brushes and/or palette knives
 - Portable Easel and Palette set-up (**Avoid white palettes, particularly for plein air**).
 - Odorless mineral spirits only (such as Gamsol) – many folks are allergic to turpentine, etc. This is particularly important for studio classes or painting inside on a rainy day.
 - Water, if you are painting in acrylic
 - Painting Medium
 - Hat, sunscreen
 - Paper Towels
 - Garbage bag
 - Drinking Water
 - Bug repellent

Shane McDonald Suggested Supplies

- Your easel (light-weight tripod easel, a half-size or full-size French easel, or a pochade box easel is recommended)
- At least two of the following sized **painting grounds**: 8x10, 9x12, 11x14, or 12x16 inches canvas board, painting panel, canvas pad/oil paper, or stretched canvas
- A disposable paper palette pad (or what you already own and have successfully used before en plein air)
- Two or three brushes (long-handled, long-bristled recommended with brush heads ranging between 1/8-inch to 1-inch)
- Diamond-head metal palette knife
- Metal or solvent-safe plastic container mineral spirits (water, if you are painting with acrylic)
- rags or paper towels
- Hat, sunscreen
- Garbage bag
- Drinking Water
- Bug repellent
- Colors (a simplified palette—but feel free to bring more colors):
 - **Titanium White**
 - **Cadmium Yellow Light**
 - **Viridian Green**
 - **Ultramarine Blue**
 - **Permanent Alizarine Crimson [or Quinacridone Red]**
